GURU NANAK GURDWARA LUTON

SEN AND DISABILITIES ONLINE ENGAGEMENT EVENT

This online Zoom event is an opportunity for those with lifelong neurodivergent characteristics (Special Educational Needs) or those with disabilities of any age and those who are close to them to come together to discuss how **Guru Nanak Gurdwara Luton (GNGL)** can best support them and their families.

The Sikh Neurodiversity Network is currently establishing a network of children and adults with lifelong neurodivergent characteristics, such as Autism, and listening to their experiences and the experiences of those who care for them. Specifically, regarding the problems that they may have encountered whilst accessing the Gurdwara or other Sikh community institutions.

After we have completed this step we will establish a network of experts within the Gurdwara who will be charged with increasing Sangat understanding, engagement and support for those with lifelong neurodivergent characteristics or disabilities.

It is also hoped that we will run the following events at GNGL:

- Practitioner-led SEN education training days for GNGL's Granthis, Gurdwara Committee Members, Security Guards and Sangat.
- SEN engagement and support events for neurodiverse children and adults and those who care for them. For instance, parent and carer coffee mornings, after-school drop-in sessions, monthly family days, etc...
- Youth engagement events. The primary purpose is to forge genuine and subsisting relationships between neurodiverse and neurotypical youth who currently attend the Gurdwara.

If you like the sound of this project and you would like to become involved or you simply want to find out a little bit more information then please join us on Zoom at the following date and time:
